

Claims:

BCS 02-1006 K

1. An oil suspension concentrate, comprising
 - a) one or more herbicidally active compounds from the group of the sulfonamides in suspended form,
 - b) one or more safeners,
 - c) one or more organic solvents, and
 - d) one or more sulfosuccinatees.
- 10 2. The oil suspension concentrate as claimed in claim 1 which comprises, as component a), one or more herbicidally active compounds from the group of the phenylsulfonamides, preferably the phenylsulfonylaminocarbonyltriazolinones and phenylsulfonylureas, or of the heteroarylsulfonamides, preferably the heteroarylulfonylaminocarbonyltriazolinones and heteroarylsulfonylureas.
- 15 3. The oil suspension concentrate as claimed in claim 1 or 2 which comprises, as component b), one or more safeners from the group consisting of dichlorophenylpyrazoline-3-carboxylic acid and its esters, 5,5-diphenyl-2-isoxazoline-3-carboxylic acid its esters and 8-quinolinoxyacetic acid and its esters.
- 20 4. The oil suspension concentrate as claimed in one or more of claims 1 to 3 which comprises, as component c), one or more solvents from the group consisting of unsubstituted or substituted hydrocarbons, aprotic polar solvents and fatty acid esters.
- 25 5. The oil suspension concentrate as claimed in one or more of claims 1 to 4 which comprises, as component d), one or more sulfosuccinatees from the group of the mono- and diesters of sulfosuccinic acid.
- 30 6. The oil suspension concentrate as claimed as claimed in one or more of claims 1 to 5, which additionally comprises e) one or more agrochemically active compounds different from a) and b) and/or f) customary auxiliaries and additives.

7. A process for preparing an oil suspension concentrate as claimed in one or more of claims 1 to 6, which comprises mixing and, if appropriate, grinding the components.

5

8. A method for controlling harmful plants, which comprises applying an effective amount of an oil suspension concentrate as claimed in one or more of claims 1 to 6 to the harmful plants, to parts of the plants, to plant seeds and/or to the area on which the plants grow.

10

9. The use of an oil suspension concentrate as claimed in one or more of claims 1 to 6 for controlling harmful plants.

15

10. The use of an oil suspension concentrate as claimed in one or more of claims 1 to 6 for preparing a herbicidal composition.

11. The use as claimed in claim 10 wherein the herbicidal composition is a suspension, an emulsion, a suspoemulsion or a solution.

20

12. A herbicidal composition, comprising an oil suspension concentrate as claimed in one or more of claims 1 to 6.

25

13. A method for controlling harmful plants which comprises applying an effective amount of a herbicidal composition as claimed in claim 12 to the harmful plants, to parts of the plants, to plant seeds and/or to the area on which the plants grow.

14. The use of a herbicidal composition as claimed in claim 12 for controlling harmful plants.
